Formatting Images

I can format images to achieve various effects.

Record the format effects that you have applied to your image in the table below.

Buttons Clicked	What happened to the image?	Does this make the image better?	Did you click on the undo button?
Colour -> Green	The image became green.	No because all the colours on the cake disappear.	Yes

Challenge	Buttons clicked	Would you keep this effect?
Give your image a black border.		
Recolour your image purple.		

Formatting Images

I can format images to achieve various effects.
