

Formatting Images

I can format images to achieve various effects.

Record the format effects that you have applied to your image in the table below.

Buttons Clicked	What happened to the image?	Does this make the image better?	Did you click on the undo button?
Colour -> Green	The image became green.	No because all the colours on the cake disappear.	Yes

Challenge	Buttons clicked	Would you keep this effect?
Give your image a black border.		
Give your image a 25 point soft edge.		

Formatting Images

I can format images to achieve various effects.

Use the formatting tools to add the effects in the first column to your image.

Effect	Buttons clicked	Would you keep this effect?
Give your image a black border.		
Give your image a 25 point soft edge.		
Give your image a Watercolour sponge		
Sharpen your image by 50%.		
Give your image a convex bevel effect.
