

Session I: The Vision

Aims and Outcomes

- Understand why the programme is taking place;
 - Be inspired by the vision of Life to the Full;
 - Develop a broad understanding of the programme content;
 - Know where further information about the programme content can be accessed.

Film: The Vision

Programme STRUCTURE

- Key Stage One
- Lower Key Stage Two
- Upper Key Stage Two

Module 1
Created and
Loved by God

Units:

- Religious Understanding
- Me, My Body, My Health
- Emotional Well-being
- Life cycles

Module 2
Created to
Love Others

Units:

- Religious Understanding
- Personal Relationships
- Keeping Safe

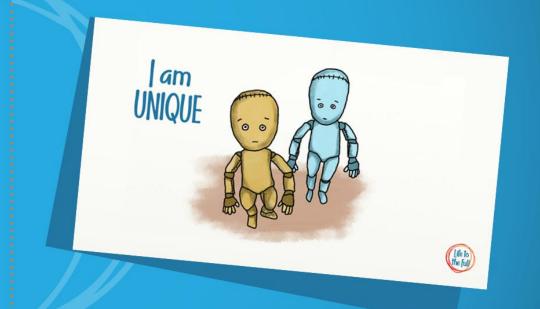

Module 3
Created to Live in Community

Units:

- Religious Understanding
- Living in the Wider World

Module One: Created and Loved by God explores the individual. Rooted in the teaching that we are made in the image and likeness of God, it helps children to develop an understanding of the importance of valuing themselves as the basis for personal relationships.

Kester's Adventures follows the story of Kester who is in search of his Maker. When he finds his maker, Abraham, Kester develops a deep and personal relationship with him over many years. As the children grow through the learning stages, Kester's story grows in complexity as he tries to understand his place in the world when faced with more challenging life decisions. Ultimately, he is always reminded that he was created by Abraham, along with his parents, and was loved and cared for even before he was born.

Key Stage One:

- We are uniquely made by a loving God;
- We have differences and similarities;
- Key information about staying physically healthy;
- Understanding feelings and emotions, including strong feelings such as anger;
- The cycle of life from birth to old age.

Lower Key Stage Two:

- Understanding differences;
- Respecting our bodies;
- Puberty and changing bodies;
- Strategies to support emotional wellbeing including practicing thankfulness;
- The development of pupils' understanding of life before birth.

Upper Key Stage Two:

- Appreciation of physical and emotional differences;
- A more complex understanding of physical changes in girl and boys bodies;
- Body image;
- Strong emotional feelings;
- The impact of the internet and social media on emotional well-being;
- A more nuanced and scientific understanding of life in the womb and how babies are made;
- Menstruation.

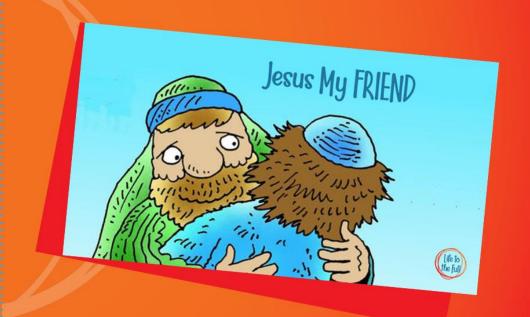

Paradise Street is an original drama series for Upper Key Stage Two which follows the story of 4 friends - Finn, Leyla, Marcus and Siobhan - who have different personal and social experiences related to growing up and puberty. Each episode lasts about 10 minutes and is followed by a time of teacher-led discussion with the pupils. Each session also includes an episode of "Delving Deeper into Paradise Street" in which two fun presenters explore the issues in the drama and provide some teaching for pupils (which also acts as guidance and support for teachers). Each concludes with a time of personal writing in a Module 1 Workbook which will help the pupils to digest and personalise the teaching.

Module Two: Created to Love Others explores the individual's relationship with others. Building on the understanding that we have been created out of love and for love, this module explores how we take this calling into our family, friendships and relationships, and teaches strategies for developing heathy relationships and keeping safe.

Gospel Stories

At the start of each learning stage, we begin with a series of story sessions based on a key Gospel story which provides the religious foundation for the teaching that will follow. For example, through an imaginative retelling of the Prodigal Son, children deepen their understanding of the concept of sin and the importance of forgiveness in relationships.

Key Stage One:

Unit 'Personal Relationships':

- Special People in their lives who they love and can trust;
- Coping with various social situations and dilemmas;
- The importance and saying sorry and forgiveness within relationships.

Unit 'Keeping Safe':

- The risks of being online (incorporating 'Smartie the Penguin' from Childnet);
- The difference between good and bad secrets;
- Teaching on physical boundaries (incorporating the PANTS resource the NSPCC).

Lower Key Stage Two:

Unit 'Personal Relationships':

- Children to develop a more complex appreciation of different family structures;
- Activities and strategies to help them develop healthy relationships with family and friends;
- Techniques for managing thoughts, feelings and actions.

Unit 'Keeping Safe':

- Incorporates some NSPCC resources around online safety;
- Teaching on bullying and abuse through a series of animated stories.

Upper Key Stage Two:

Unit 'Personal Relationships':

- Equip children with strategies for more complex experiences of relationships and conflict;
- Identify and understand how to respond to spoken and unspoken pressure;
- The concept of consent;
- Further teaching on how our thoughts and feelings have an impact on how we act.

Unit 'Keeping Safe':

- Risks of sharing and chatting online;
- A more complex understanding of different forms of abuse.

Module 3: Created to Live in COMMUNITY

Module Three: Created to Live in Community explores the individual's relationship with the wider world. Here we explore how human beings are relational by nature and are called to love others in the wider community through service, through dialogue and through working for the Common Good.

Module 3: Created to Live in COMMUNITY

Trinity House is a story told throughout the programme from Years 1 to 6 at a growing level of complexity through each learning stage. It tells the story of the Trinity family who live in Trinity House - Abba, Adam and Amara – symbols of the creative circle of love between Father, Son and Spirit. Children will learn that just like the Trinity of God, we are made to love God and love others, and we are made to be loved by God and others. This extends not only to us, our families, our friends and our personal relationships, but also to the wider world.

Module 3: Created to Live in COMMUNITY

Subsequent sessions:

In subsequent sessions, this religious understanding is applied real-world situations, such as the community we live in, and through exploring the work of charities which work for the Common Good.

Note: some sessions in Module 3 are not available for the trial. Please see the Programme Overview for updated information on this.

Session I: The Vision

Aims and Outcomes

- Understand why the programme is taking place;
 - Be inspired by the vision of Life to the Full;
 - Develop a broad understanding of the programme content;
 - Know where further information about the programme content can be accessed;
 - Contribute to Key Decisions about the programme content.

What do you know about the new RSE requirements?

What are the new RSE requirements?

As a school, we **must** provide the following to all pupils:

- Relationships education
- Health education

Some topics within the RSE curriculum need to be treated sensitively:

- Menstruation
- LGBT+ relationships
- Honour-based violence
- Female genital mutilation

At Saint Clare's primary school, we choose to teach sex education in upper key stage 2.

You as parents have a right to withdraw your children from this. However, you are not allowed to withdraw from Relationships or Health Education.

Misconceptions from parents

Will my child's school have to consult with me before teaching these subjects? Schools will listen to parent's views, and then make a reasonable decision as to how they wish to proceed. What is taught, and how, is ultimately a decision for the school and consultation does not provide a parental veto on curriculum content.

Does the new Relationships Education and RSE curriculum take account of my faith? The subjects are designed to help children from all backgrounds build positive and safe relationships, and to thrive in modern Britain. In all schools, when teaching these subjects, the religious background of pupils must be taken into account when planning teaching, so that topics are appropriately handled.

Will these subjects promote LGBT relationships?

These subjects don't 'promote' anything, they educate.

Pupils should be taught about the society in which they are growing up. These subjects are designed to foster respect for others and for difference, and educate pupils about healthy relationships. RSE should meet the needs of all pupils, whatever their developing sexuality or identity – this should include age-appropriate teaching about different types of relationships in the context of the law.

Pupils should receive teaching on LGBT relationships during their school years. Primary schools are enabled and encouraged to cover LGBT content if they consider it age appropriate to do so, but there is no specific requirement for this. This would be delivered, for example, through teaching about different types of family, including those with same sex parents.

Ofsted and PSHE

Inspectors will make a judgement on behaviour and attitudes by evaluating the extent to which:

- relationships among learners and staff reflect a positive and respectful culture.
 Leaders, teachers and learners create an environment where bullying, peer-on-peer abuse or discrimination are not tolerated. If they do occur, staff deal with issues quickly and effectively, and do not allow them to spread.
- the curriculum and the provider's wider work support learners to develop their character – including their resilience, confidence and independence – and help them know how to keep physically and mentally healthy
- at each stage of education, the provider prepares learners for future success in their next steps
- the provider prepares learners for life in modern Britain by: equipping them to be
 responsible, respectful, active citizens who contribute positively to society –
 developing their understanding of fundamental British values developing their
 understanding and appreciation of diversity celebrating what we have in common
 and promoting respect for the different protected characteristics as defined in law.

KEY Decisions
